

PROTECT YOUR INVESTMENT. ENCAPSULATE & DEHUMIDIFY YOUR CRAWLSPACE.

3 major liabilities of an un-encapsulated and humid crawlspace:

- 1 DAMAGE**
Too much moisture ruins insulation and damages your wood floors and your home's foundation.
- 2 HEALTH RISKS**
Your crawlspace's dark, humid environment is perfect for mold and bacteria growth.
- 3 ODOR**
Mold and mildew smells. Over time those nasty odors creep into your living space.

The complete solution:
Encapsulate today...control humidity forever.
Protect your family and your home.

PROTECT YOUR CRAWLSPACE— ENCAPSULATE & DEHUMIDIFY.

COMPARE YOUR AIR QUALITY:

YOUR HOME WITHOUT PROTECTION

Moisture creeps in from the ground and the sides of your home. This moisture can permanently damage your foundation and furnishings and put your household at risk of bacteria and mold growth.

YOUR CRAWLSPACE ENCAPSULATED

Once we seal your crawlspace, moisture infiltration from outside your home will be reduced substantially. However, humidity created inside your home from piping and other household activities is trapped and needs to be purified for full protection, or it will accumulate over time.

ENCAPSULATION & DEHUMIDIFICATION

THE COMPLETE SOLUTION

ENCAPSULATION
AND HIGH-CAPACITY
APRILAIRE DEHUMIDIFIER

Closed crawlspace construction techniques are robust measures; providing dry crawlspaces for new construction and for retrofitting existing houses ... **They also require some type of supplemental drying mechanism to control the limited amount of moisture vapor that will still migrate to the space and accumulate over time.***

*QUOTE SOURCE (AT RIGHT): Davis, B. (2001, June 1). Moisture Performance of Closed Crawlspaces and their Impact on Home Cooling and Heating Energy in the Southeastern U.S. <i>Buildings Group, Advanced Energy</i>, 10-10.

THE CHOICE IS CLEAR—

Combine encapsulation and dehumidification to control moisture and permanently protect your home.

We recommend [Aprilaire high-capacity dehumidifiers](#) for long term protection.

- ✓ Commercial-grade construction
- ✓ Very low maintenance
- ✓ Iron-clad 5 year warranty
